Honorable Arthur F. Sampson, Administrator  
General Services Administration  
18th and F Streets, N.W.  
Washington, D. C. 20405

Dear Mr. Sampson:

Thank you for your letter of 30 January 1975, in which you mention the recent bombing at the Department of State Building, the discovery of a bomb in a Federal Office Building in California, and the threats received after these incidents. I share your concern in this matter and appreciate your offer of assistance from the Regional Directors of the Federal Protective Service.

I am responsible for the formulation of facility protection plans for Agency buildings. Members of my staff coordinate such plans and other matters of mutual interest with the Directors of the Federal Protective Service Division and the Accident and Fire Protection Division, Region III, who have been most helpful in the past. You can be assured of our continued cooperation with the General Services Administration in providing protection to Federal employees, government property, and the public.

Sincerely,

John F. Blake  
Deputy Director  
for  
Administration
